

## **NEW ENERGY EFFICIENT SENTINA® LED EMERGENCY LIGHT COMBINES FOUR LIGHTS IN ONE ELEGANT SOLUTION FOR SMARTER LIVING**

Remarkable \$30 Sentina® LED-92M serves as motion activated guide light, emergency LED flash light, power failure directional light, and safety night light!

Ideal for kitchens, hallways, bedrooms, and bathrooms.

KENILWORTH, NEW JERSEY, July 1, 2009 — Energy conscious consumers seeking an affordably priced, ecologically advanced way to meet more of their household lighting needs should immediately check out the new energy-saving **Sentina® LED-92M LED emergency light** from Datexx.

Available now for immediate delivery the new Sentina LED-92M four-way emergency light is just that: four lights in one unit that has a retail price of \$30.00. Fully charged to support motion, darkness, and power outage sensors, the Sentina LED-92M light simply plugs into any standard AC outlet and performs for one penny per day. The upper light activates only when approached, in darkness, or in a power outage. When disconnected from the socket, the light will also perform as an emergency flash light for up to eight hours.

The Sentina LED-92M is perfect for use in kitchens, hallways, bedrooms, and bathrooms — literally any place where emergency lighting may become necessary on a moment's notice. No other emergency LED light comes close to delivering this level of performance reliability — and peace of mind security— at any price!

The Sentina LED-92M is part of a complete line of Green Home lighting products from Datexx. Each LED lighting solution is remarkable for its unique mix of features. Available in models for kitchens, bathrooms, hallways, bedrooms, and patios, all Sentina LED lights are designed to perform when needed in the most energy efficient ways and at retail prices under \$45.00.

Datexx is a leading manufacturer and marketer of innovatively designed, affordably priced consumer and business LED lighting solutions, household, travel, mobility, and executive products that are both energy and cost efficient. For more than 15 years, the company has proudly met the needs of smart consumers seeking smarter living solutions. To date, more than 20-million consumers have joined the Datexx family of satisfied customers.
